Event sponsored by

To honor the achievements of MGMA's member factories in **manufacturing excellence** we are pleased to organize the **2nd Annual MGMA Factory Awards Dinner**. Last year's 2014 Factory Awards Dinner brought together dozens of manufacturers with industry service providers, brand representatives and related companies & organizations to gather for an evening of business networking and celebration.

As well, several certificates will be given out to member companies for accomplishments such as "**excellence in factory set-up**" and "**recognition of best workplace facilities**" as well as several other mentions.
