

# Increasing product value + saving resources with... **Environmental labels & sustainable approaches**

Presented by Dr. Christina Raab, senior consultant with Made-by.org

## June 17th, 2pm-5pm

### Introduction to...

- Oeko-tex 100 & Oeko Passport - what it means and how to obtain it.
- The Zero Discharge of Hazardous Chemicals (ZDHC) framework.
- The “Higg Index” of the Sustainable Apparel Coalition.
- The Business & Environmental Performance Initiative (BEPI)

Conducted by our visiting expert, Dr. Christina Raab, this seminar will be presented in English with electronic translation in Myanmar language.

The seminar will help garment manufacturers prepare for current and future demands from international buyers for environmental certifications and sustainable actions & awareness.

### Who should attend?

Suitable for production managers, business development staff, GMs & managing directors.

### Where will it be?

**Taw Win Garden Hotel, Zizawar Room** (Taw Win Garden Hotel is next to Taw Win Center in Lanmadaw Tsp.)

Gain practical knowledge on how to engage and implement environmental sustainability in your own factory. Get informed. Get certified. Increase your product value.
