Announcement about Overtime(OT)

Myanmar Garment Manufacturers Association (MGMA) released the announcement about overtime on November (10), 2020. The announcement was stated that even through 13.11.2020(Friday) is substituted holiday and if the members' factories/ companies have important imports and exports processes, the Custom department will process the custom clearance from 9:30 am to 2:00 pm on 13.11.2020 at the port and the factories/companies can make the normal overtime process.

Announcement about the CO Form and GSP Form to be applied with the appropriate systems/processes

Myanmar Garment Manufacturers Association (MGMA) released an announcement on November 10, 2020 to apply CO Form and GSP form with the appropriate systems and processes. During this pandemic period, the department of commerce has been lenient with the required documents for companies' online CO application system. Some companies and service agents have been taking advantage of this situation and changing documents without approval forms, which could lead to the negative effect of company's image and reputation. Action would be taken and could result in the shutdown of the factories.

Occupational Safety and Health (OSH) 1st Online Training

Myanmar Garment Manufacturers Association(MGMA) organized Occupational Safety and Health (OSH) 1st online training with the support of LIFT Myanmar Program, Safe Migration for Decent Work in the Peri-Urban Areas of Yangon (SECURE) of ActionAid Myanmar program from November 9 to 13, 2020. The training was organized to know more about Safety Culture and Overview on OSH legislation, Role and Responsibilities and Hazard identification in Garment Factories, Risk Prevention and Safety management system, Fire prevention, Housekeeping, and Waste Management, Occupational Health and Hazards and conducting Safety toolbox briefing. Representatives from MGMA rewarded welcome messages and graduation messages and a total of 30 participates from garment factories attended to the OSH training.

Announcement on Stay-at-Home to control COVID – 19 spread

Myanmar Garment Manufacturers Association (MGMA) explained on November 20, 2020 that the government has not released the announcements or orders to close all factories and workplaces from November (21) to December (5) in the "Announcement on Stay-at-Home to control COVID – 19 spread" of the Ministry of Health and Sports that released on November 19, 2020. The "Announcement on Stay-at-Home to control COVID – 19 spread" released on November 19, 2020 was only advised not to make unnecessary tours and public gatherings, while following the directives of the Ministry of Health and Sports and stay at home to contain the spread of COVID – 19 and it was not stated for the factories and the government has not released the announcements or orders to close all factories and workplaces from November (21) to December (5). And also it was also advised to follow the directives of the Ministry of Health and Sports not to make public gatherings because the factories and workplaces have the habits of making the public gathering such as Tannzaungtaing event, KaHtain donation.

Announcement on Stay-at-Home to control COVID-19 spread

THERE have been 73,322 confirmed cases of COVID-19 in Myanmar up to 8:10 pm on 18-11-2020. Among the patients taken to the hospitals, 75 per cent of them have been discharged, while the death toll reached 1,650.

As the winter season has set in Myanmar at present and this climate is favourable to the spread of COVID-19. Moreover, the disease could rapidly spread if people make tours in the upcoming open season and the long holiday period.

Moreover, the Ministry of Health and Sports is increasing surveillance and control measures against a possible higher number of positive cases due to the public gatherings before and after the 2020 General Election on 8 November. The region and state governments are also conducting 'Mask and Face Shield Campaign' with the distribution of masks, face shields and pamphlets during the awareness campaigns.

Therefore, people are advised not to make unnecessary tours and public gatherings, while following the directives of the Ministry of Health and Sports and staying at home to contain the spread of COVID-19 in Myanmar.
